PREVIEW
2018
US

To Our Valued Smart Partners:

2017…what a year! We are thrilled with the success of our products and grateful to all of you for your efforts as we continue to build our brands. We are excited to get into 2018 with a powerful lineup of brands, products and tools. Some highlights and things to look forward to:

- SmartGames introduces seven new games, including Squirrels: Go Nuts! (on the cover of this catalog).
- SmartMax My First exceeded ALL expectations in 2017, and we'll continue the momentum with My First Farm Animals and My First Tractor in 2018.
- GeoSmart truly emerged as a force in 2017, highlighted by Mars Explorer being featured on Good Morning America. Look for more GeoSmart innovation this year!

We've rolled out a suite of promotional tools to help our partners – the Smart 'Toolbox' - including a mobile app to facilitate your Smart business and an e-commerce ordering system for stores. We've also introduced an app for consumers that will make the SmartGames experience different than any other brand in the market.

We encourage you to consider becoming a Smart Partner, where you'll receive year-long specials. More information is available in this catalog and via your reps.

Here's to a fantastic 2018!

GAMES THAT TEACH THE MIND TO THINK™

Based on the ancient Chinese Tangram puzzle, TANGOES® products are a learning tool that combines artistic and mathematical elements to enhance visual perception ability, develop problem solving skills, creative thinking capacity, and teamwork. The classic tangram forms a square. These seven pieces can also form an infinite number of abstract designs, human figures, animals and everyday objects. The object of TANGOES® products is to form the image on the card using ALL seven puzzles pieces. From ages five to one hundred and five, all ages are delighted by the challenge of forming the puzzle presented with the seven dynamic pieces.

TANGOES JR.™

Designed specifically for preschoolers, Tangoes® Jr. includes seven large magnetic puzzle pieces, 24 challenges offering three levels of play and a large playing surface. All pieces and puzzles store in a unique plastic carrying case. Including new game booklet with 100 extra puzzles!

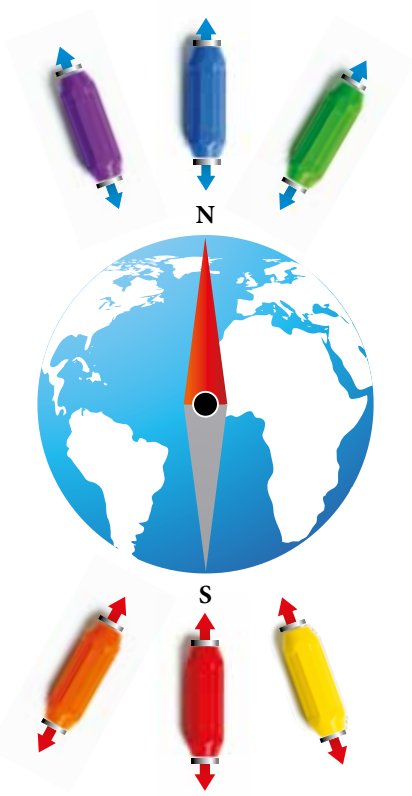
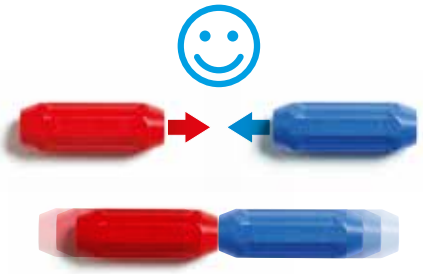
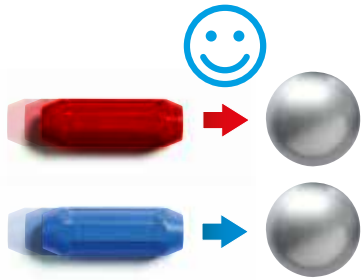
MAXIMUM FUN WITH MAGNETISM



North & South
Magnets have a magnetic north and south pole. Bars in cold colors (green, blue and lilac) have outward directed north poles. Bars in warm colors (red, orange and yellow) have outward directed south poles.



Attract & Repel
Opposite poles attract each other, identical poles repel. All bars in 'cold' colors can be combined with all bars in 'warm' colors. All other combinations repel.



Balls
The **SMARTMAX**® balls are attracted by all magnetic bars, regardless of their color..

MAXIMUM DEVELOPMENT

SMARTMAX® STIMULATES

- Hand-Eye co-ordination
- Logical thinking
- Color recognition
- Form recognition in 2D & 3D
